A presentation was given on behalf of the applicant.

Questions were raised by members including the use and location of the community buildings, the management of open spaces going forward, the objection put forward by the applicant to the neighbouring SANG application, the location and route of the Northern Access Road, school provision, topography of the site, location of affordable/social housing, the use of retaining walls, protection from straying golf balls, the access and effect on Penventinnie Lane and the mix of housing type. All points were answered and the Chairman advised the council had already considered the application and that could not be overturned. Members could add to their previous views however.

The applicant's spokesperson left at this point.

It was agreed to include in the final response the need to see more detail as to where the NAR would go.

Cllr. Dyer re-entered the meeting at this point.
